Message from President of RTC

We at the Royal Turf Club have taken every step to make this 2022 April season a successful and memorable racing finale.

The contribution that RTC's methodical approach to horse racing have made the sports tourism industry a winner even during this challenging period of time.

We are happy to announce that, number of new jobs have been created on the race course due to increasing of the horse population.

At the start of the season 2022 , we proudly announce that RTC have sponsored a charity event for needy families and children of the area, which I greatly appreciate the team work carried out by RTC executive committee and the sponsorship was done by one of our champion horse owner.

Finally, I would like to thank our special invitees, all Media personnels, our valuable sponsors, horse owners, RTC officials, trainers, Jockeys, well wishes and my executive committee members for doing a great job done.

I would like to wish all of you very happy and Prosperous new year!

Panduka Keerthinanda (Attorney-at-Law)
President Royal Turf Club,
Nuwara' Eliya

Message from Treasurer of Royal Turf Club Nisitha Rupasinghe

Currently it's a challenging period for all of us. RTC, as a responsible entity has been always obliged to preserve the prestige status of the sport, while also adhering to the laws and rules of the country. We are conducting the race days purely for the benefit of the sport. Organizing a race day requires attention to the little details and it is a collective effort of everyone attached to the Royal Turf Club and the Nuwara Eliya racecourse.

In spite of certain setbacks, RTC was able to attract the interest of sponsors that assisted in numerous ways to successfully conduct the Horse Racing Festival 2022. We sincerely thank each and every one of them and those who partnered with RTC to make the 2022 season a grand success.

RTC is highly motivated by the presence of Mr. Manjunath and Shyam Gowda for stepping up to take over duties as Stipendiary Steward and Clerk of the Scales and Handicapper to professionally handle the Horse Racing Festival 2022. Chairman of Stipendiary Stewards, Mr. Cyrus J. Madan has been overlooking the work and progress of our officials remotely.

Lastly it should be mentioned that RTC has been able to contribute to the growth of Sports Tourism and has been able to support many individuals and families with employment opportunities, directly or indirectly, in our quest to make horse racing an industry in Sri Lanka.

RTC fully understands the present situation of Sri Lanka and as a responsible Sport Club we stand in solidarity with fellow Sri Lankans.

Let us all act in a sense of responsibility whilst enjoying this glamorous sport of horse racing.

Nisitha Rupasinghe
Treasurer
Royal Turf Club, Nuwara' Eliya

Message from Cyrus J. Madan

The Pandemic has taken its toll and the fallout has been catastrophic, but somehow, the Royal Turf Club, in Nuwara Eliya has managed to keep Horseracing alive. Unfortunately, owing to prior commitments, I will not be able to be there on Saturday 30th April, 2022, for the Races slated to be run that day. However, I am sure that RTC will ensure that as always the Sport will continue and the supervision will remain of the highest standards.

Cyrus J. Madan
Chairman of Stipendiary Steward
Royal Turf Club

Message from R. Manjunath

Senior Stipendiary Steward

Saturday will be the final day of racing at Royal Turf Club of the season 2022 which conducted a very successful four days grand event even in the time of economic hardships in the island country thereby promoting the tourism. Sri Lanka is suffering from its worst economic crisis, with money running alarmingly low. The country closed its borders to tourists for nearly a year and a half during the height of COVID pandemic, depriving the nation of much needed tourism revenue. But the Executive Committee of Royal Turf Club conducted the races thereby indirectly promoting tourism.

One could see lots of foreign crowds throng the race club to witness the highly competitive races with much glamorous and the mood around the track being festive, the guests enjoyed the racing. Guests – never called customers or patrons during four glory days rush to the rails when the horses reach the starting gates and to the winning post to cheer the horses and jockeys.

For years and months I have been researching horse racing. It has not been research to find great horses, jockeys and trainers, although that was an inevitable side effect along the way or to find a better feel and respect for the tradition, but to predict horse race more accurately and find the probabilities of each horse in the races.

For the first time the club conducted the “Draw of Lots” for the running of the traditional Governor’s cup where the jockeys and trainers got a chance to pick the draw numbers of their runners. The native and foreign professionals shared their views and then pictured themselves, a real memorable treat at the Royal Turf Club VIP Lounge.

It was also a memorable and emotional day for Royal Turf Club as the owners of the “Queen of Nuwara Eliya – ALCAZABA” decided to retire after she won the Governor’s Cup 2022 in a grand style. We all know the famous quote from the movie “A League of their Own” saying “There’s no crying in baseball, but does that mean that there’s really no crying in sports? While I should admit to having seen the owners, trainer and few stable staff having a Misty-Eyed. That speaks about the affection for the great equine.

Finally I am delighted to welcome and thank all the sponsors for their support and overwhelming sponsoring the racing. I heartfelt acknowledge the cooperation and support from all Horse Owners, Professionals, the Staff who stood with us during this difficult times and make this season 2022 a memorable and grant event.

A famous quote – “The essential joy of being with horses is that it bring us in contact with the rare elements of grace, beauty, spirit and freedom” – Sharon Ralls Lemon

QUEEN OF NUWARA ELIYA

ALCAZABA, a 12 year old mare was imported into Sri Lanka from India back in 2015.

By Burden of Proof (IRE) out of Alhambrah, her exploits on the Racetrack at the Royal Turf Club made her a superstar and on 15th April, 2022 when she won the Governor's Cup she had become a celebrity, with a fan following not just in Nuwara Eliya but across Racing Circles in Sri Lanka.

Her owners Mr. & Mrs. Edwards felt that she had done everything expected of her and announced her retirement from racing. It was an admirable decision and they could not have timed it better as ALCAZABA was bowing out in a blaze of glory and at the top of her form. The superb victory in the RTC Governor's Cup being yet another landmark achievement in a career punctuated by a series of triumphs, each of which will remain living testimony to her versatility and prowess as a racehorse.

ALCAZABA will be missed but not forgotten.
